Kembangan, West Jakarta, Indonesia

I am a recent graduate with a degree in Informatics Engineering from Budi Luhur University. I am an organized, fast learner who is focused and conscientious in my work. I have a strong passion for learning and constantly seek opportunities to expand my knowledge and skills in the technology industry. My interests lie in Front End Engineering, Web Development, and Technology. I am highly motivated to continue my professional growth and development. I am accountable, open to learning, and comfortable working outside of my comfort zone.
